---

JSC "Auminga" was established in 2009. Main activity of the Company – round wood processing, sale of wooden products. Main objective of the Company – supply of high-quality products conforming to the demands and requirements of the European Union, supply of professional services and becoming an attractive and flexible supplier. Small production volume provides opportunity to adopt decisions and execute orders flexibly.

JSC "Auminga" specializes in production of wooden pallets and half-finished materials. Half-finished materials are produced of hardwood (common alder, birch, aspen) and softwood. Production is divided into 1st, 2nd and 3rd categories. Production is exported to the European Union Countries – Belgium, Holland, Germany, Italy, Czech Republic and Austria.

The Company offers:

- Production conforming to quality requirements;
- Orders executed flexibly and timely;
- Competitive price;
- Favorable payment conditions.

JSC "Auminga" seeks to become a reliable Company for the suppliers and clients.
